

Product Data Sheet

PRODUCT NAME: Black Dawg Pipe Support

DESCRIPTION: V-shaped cradle pipe support with snap on top cap. Spacers can be snapped onto the bottom to raise the support height.

COMPOSITION AND MATERIALS:

All components are made of a High Density Polypropylene containing UV inhibitors, carbon black, and antioxidants.

SIZE: Supports pipes ranging from .25" to 4" I.D.

HEIGHT RANGE:

Standard V-shaped support holds pipe as follows.

0-3" pipe – 1" off of the roof's surface
4" pipe – 1.25" off of the roof's surface

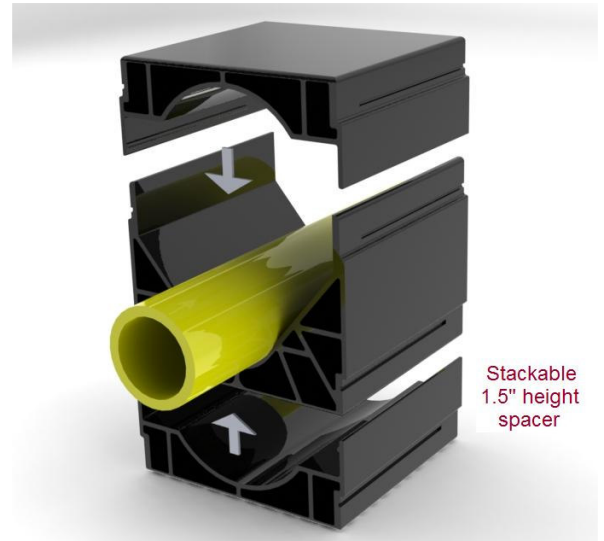

each spacer adds 1.5" to the support height

LOAD: Weight per support should not exceed 60lbs.

SPACING: Spacing requirements are to be strictly followed:

0-2.5" pipe – 8 feet on center
3" pipe – 6 feet on center
4" pipe – 4 feet on center

INSTALLATION: (1) Place the pipe support directly below the path of the pipe so that the axial direction of v-shaped cradle is parallel and directly below the axis of the pipe.

- (2) Snap on the appropriate number of spacers to the bottom of the v-shaped cradle until the desired height is reached.
- (3) Gently lower the pipe down into the v-shaped cradle.
- (4) Snap on top cap to enclose pipe within the cradle.

** It is recommended that each pipe support be placed on a protective pad approved by the roofing membrane manufacturer**

MAINTENANCE: A bi-annual inspection of position, alignment, and weight distribution is required to prevent pipe stand damage or failure.

Limited Warranty: All products sold are subject to the following limited warranty. RoofStuff, Inc. warrants for a period of one year from date of delivery the product is free from defects in material and workmanship. RoofStuff, Inc. makes no other express representation or warranty of any kind, in fact or in law, including without limitation, the warranty of merchantability or the warranty of fitness for a particular purpose, other than the limited warranty set forth above. Every claim under this warranty shall be deemed waived unless made in writing and received by RoofStuff, Inc. within thirty (30) days of the date the defect to which each claim relates is discovered or should have been discovered.

Limitations of Liability: It is expressly understood and agreed that the limit of RoofStuff, Inc.'s liability shall be to re-supply an equal or equivalent quantity and that RoofStuff, Inc. shall have no such liability except where the damage or claim results solely from breach of RoofStuff, Inc.'s warranty. RoofStuff, Inc. shall not be liable for any incidental, consequential, or other damages, for any alleged negligence, breach of warranty, strict liability or any other theory, other than the limited liability set forth above.

RoofStuff, Inc.'s warranties will not apply if a pipe, conduit, or other object, is resting upon a support with a force exceeding 60 pounds. Likewise, RoofStuff, Inc.'s warranties will not apply if the supported structure is not the type of device or object for which RoofStuff, Inc. pipe supports are designed, intended or constructed to support. RoofStuff, Inc.'s warranties will not apply if installation is done in an improper manner.
